2024 Odeshi Starts December 13 in Lagos

● Promises to be power-packed, soul-saving

By Kenneth Madueke

The three-day *Odeshi* programme of Zion Prayer Movement Outreach [ZPMO] earlier scheduled to hold in Ngor Okpala, Imo State will now take place in the Lagos ground from Friday December 13 to Sunday 15, 2024.

The Spiritual Director of ZPMO, Evangelist Ebuka Obi, who made this official announcement, at the Sunday service of the ministry, nonetheless, pleaded for the understanding and co-operation of Zionites world-wide particularly those in the Eastern part of the country for the sudden change of the event's venue.

According to him, from next year,

the *Odeshi* and other programmes of the Zion Ministry would take place in Ngor Okpala as earlier announced during the 100-days fasting and prayers.

The details of the announcement revealed that once *Odeshi* starts in Lagos on December 13, there would not be Tuesday and Wednesday programmes in the Ministry, but only Sunday services, till December 31, 2024.

It further indicated that after the end of this year, normal Tuesday and Wednesday programmes would start again in 2025.

Odeshi, which literally means 'Does not leak or penetrate' is an annual programme which officially marks the end- of-the-year activities for ZPMO,

located at Zion Estate, Ago Okota, Lagos

Evangelist Ebuka Obi stated that the programme is to seek for divine protection for all those who would be traveling during the Christmas and New Year celebrations as well as to prepare Zionites who follow even online for God's special blessings and favour for 2025.

The Evangelist' noted given the recorded breath- taking testimonies of the previous editions, this year's *Odeshi* is expected to attract thousands of people giving their lives to Jesus Christ outstanding miracles and healing s, deliverance from bondages and salvation of souls.

According to him, Zionites

Investors urged to tap into ZPMO's Ngor Okpala project

By Precious Ndunwere

Prospective investors have been advised to quickly take advantage provided by the Zion prayer movement outreach (ZPMO) in its new headquarters in Ngor Okpala Local Government Area, Imo state, to facilitate rapid development of the environment.

The Spiritual Director of ZPMO, Evangelist Ebuka Obi, who gave the advice in Lagos stated that the new site urgently needs life-enhancing facilities such as hotels, health centres and massive business opportunities which the ministry has opened their doors.

According to him, those who are interested should start now to acquire plots of land at relatively cheap prices and commence the

development of their projects before it becomes too late

He, however, cautioned that buyers of land in the area should be careful and go through the appropriate channels to avoid being duped by fraudulent speculators.

Those people should liaise with the various admins of ZPMO across the country for proper guidance, the Spiritual Director further advised.

He stated that due process must be followed to safeguard the image of the ministry in the event of possible rip-off by the land owners

He particularly asked Zionites in diaspora who are interested in the effort to give face-lift to the environment to ensure they send their money through trustworthy agents to help them buy land.

Many of the empty plots of land around the ZPMO vicinity are said to be Government Reserved Areas (GRA) hence the need to connect the chief of the community who works with the agents of Imo state government to ensure genuine property and papers are procured at the end of the transaction.

Zion Ministry Receives C of O for Ngor Okpala Property

Zion Ministry Receives C of O for Ngor Okpala Property The plan to build the new headquarters of Zion Prayer Movement Outreach (ZPMO) at Ngor Okpala, Imo State, received a major boost on Thursday, November 28, as the ministry was presented with the Certificate of Occupancy (C of O) for the property.

Imo State Governor, Chief Hope Uzodinma, presented the certificate to the Spiritual Director of Zion, Evangelist Ebuka Obi, who led a team from the ministry to Government House, Owerri.

Receiving the documents for the land, Evangelist Ebuka Obi expressed gratitude to the governor for making the dream come true.

"What is good is good. What the Governor promised, he has delivered. We are grateful. I promise we will help in the development of Imo State. The state will become a tourist centre. I am very happy that he has fulfilled all his promises to Zion Ministry. All we owe him is to pray for him, for God to direct and protect him. I leave here a very happy man," Evangelist Ebuka Obi stated.

The decision to move the headquarters of ZPMO to Imo State was taken in 2022 because of the astronomical growth of the ministry which necessitated a much larger space.

Evangelist Ebuka Obi had explained that Zion ground in Lagos had become too small to accommodate the huge crowd of people from across the world who attend the programmes of the ministry, especially the closing of the 100 Days Fasting and Prayer and Odeshi.

participating in the Odeshi are to come to the ZPMO praying ground well prepared with expectations for camping which starts from December 13.

Spiritual books, mantles, Seraphic Candles, water, oil which efficacy are well known would be on sale in the ministry.

Investigations by the Voice of Zion confirmed that necessary arrangements are being put in place to ensure a hitch-free camping for zionites from far and wide.

Ahead of the annual religious programme, hoteliers, restaurant and transport operators are in preparation mood for the Odeshi which is billed to take place in the Yuletide period.

Some of the restaurant operators who spoke to us expressed their happiness over the change of venue announcement in favour of Lagos state.

According to them, it is prayer answered because that would automatically put money into their pockets as they usually make brisk business during the event.

A hotel manager who does not want her name mentioned, told VOICE OF ZION that the decision to hold Odeshi in Lagos is welcome news to them especially coming during this Christmas and New Year festivals when many people usually travel out of Lagos to their ancestral homes.

"To us, it is another opportunity to smile to the bank as our rooms would be fully booked during the religious event, she added.

The operators of okada and keke are equally filled with joy as the expected human traffic on the road leading to the Zion ministry would attract higher transport fares that translate to their incomes

Meanwhile, it was confirmed that adequate security arrangements are being made by the management of ZPMO as well as the state government to ensure safety of lives and property during the yuletide period which happens to coincide with the Odeshi event.

Voice of Zion recalls that apart from mind-boggling testimonies and pin-point prophecies with instant solutions recorded in ZPMO, Evangelist Ebuka Obi's popularity stems from conversion of native doctors, cultists and prostitutes, saving of homes, empowerment programmes and charity works through his Seraphic Home Foundation.

Ebuka Tasks Igbos on Economic Development

The Spiritual Director, Zion Prayer Movement Outreach, Evangelist Ebuka Obi, has advised Igbos in different parts of the world to bring development home with its multiplier effect on the localeconomy.

Ebuka Obi said that Zion Ministry's project in Imo State was a conscious effort that needs to be emulated by the Igbos as that would help to attract development to our communities through localization of businesses and jobs creations.

According to him, the relocation of Zion Ministry would be followed with the establishment of Seraphic Hospitals as well as the Seraphic water company in the headquarters.

He explained that the new hospital would be upgraded to a general health facility of world standard.

This hospital to be manned by experienced medical professionals would be equipped with sophisticated equipment with the ultimate goal to stem the tide of medical tourism and its attendant cost on the nation's foreign exchanges forex].

There are also plans to build standard primary and secondary schools in the headquarters to be well equipped with qualified teachers and modern state of the art technology to provide world- class quality education.

According to him, "the schools should be able to attract our brothers and sisters from far and near especially Europe, to proudly enrol their kids and wards there".

He emphasised that such sound educational facility should provide needed quality education that suits the present needs of the world.

With time, the Spiritual Director hinted of plans to open a university in the ministry and these worthy initiatives are aimed at bringing economic development home.

He noted that these infrastructure are development agents that would automatically create employments for professionals and artisans who are going to be better citizens in the society.

He, however, condemned the Igbos who have adopted the bad habit of development outside alone without remembering home as we do not need external help to develop ourselves.

According to him, the worse is those of who have even accepted to be buried abroad when they are dead ,adding that one's ancestral home remains the best resting place after his journey on earth.

Birthday: Zionites stand still for Evang. Ebuka, Engr. Chinweike Obi

By Prisca Ikebude

Over 2.3 million Zionites from within and outside Nigeria gathered in the Lagos auditorium of Zion Prayer Movement Outreach (ZPMO) to graciously honour the Spiritual Director of the ministry, Evangelist Chukwuebuka Obi and his twin brother Engineer Chinweike Obi, during their birthday celebration.

The historic carnival- like occasion, streamed live on the social media platforms, was an assemblage of dignitaries and personalities, sumptuously dressed to share in the blessings that usually flow from the annual birthday foods and drinks.

On Sunday 20, 2024 the vicinity of ZPMO started bubbling with business activities as early as 4.30 am as zealous Zionites trooped into the ministry's auditorium, venue of the event, to take vantage positions in the seats.

All roads, literally, led to the

ministry's holy ground as vehicular and human traffic defied the hike in prices of petroleum products and attendant rise in the transport fares.

Expectedly, individuals and corporate entities, town unions as well as Departments in ZPMO were on ground to add colour to the occasion with their stickers and uniforms, bearing the pictures of the spiritual director of ZPMO with the twin brother.

The occasion attracted intercontinental and local dishes and delicacies whose aroma seemed to favourably compete with the fragrance of perfumes of the guests beautifully dressed in party array. By 12.40 pm, Evangelist Ebuka Obi and his twin brother, elegantly dressed, were driven into the venue, in a motorcade surrounded by security aides and jubilant Zionites.

Their entry automatically electrified the ambience as enthusiastic crowd surged out with some craning their necks to catch a

glimpse of the servants of God severally described as selfless and humble.

There were intermittent prayers and worship songs, punctuated by breath-taking testimonies, display of cultural and Christian dances to the admiration of all and sundry.

Many guests irrespective of gender, tribe, nationality and age, spectacularly testified to the efficacy of the birthday foods in bringing break- through and solutions to their life challenges.

The elated Ebuka Obi, nonetheless, enjoined the guests to give their lives to God and aspire to make Heaven through love and works to humanity.

He recalled some life- changing initiatives of ZPMO since 2009 which include scholarship awards to the less privileged, rehabilitation of repented prostitutes, provision of homes to the homeless, financial empowerment to the needy and the construction of the Old peoples' Home through the Seraphic Home Foundation of ZPMO.

The Spiritual Director, however, uplifted the lives of eight diligent staff of ZPMO with N24million empowerment cash to motivate them for their loyalty and dedication. He specifically thanked God ,his parents and Zionites for his life. His brother Engineer Chinweike Obi, on his part, praised God for His abundant grace upon their lives as well as thanked friends and well-wishers for coming out in numbers to honour them during the celebration. Assuring that such show of love would not be taken for granted, he prayed for God's mercies upon the guests and Zionites.

Evang. Ebuka Obi in Seraphic Hospital

'Love for my mother will be greater than my wife's' (Part 1)

The Spiritual Director of Zion prayer movement outreach (ZPMO), Evang. Ebuka Obi, recently had an interview session with the Media and KENNETH MADUEKE captures it for Voice of Zion. Excerpts:

Can we know your background?

I was born in Ubulu Ihejiofor in Oru West Local Government Area of Imo State, Nigeria. My parents, are Hon. (Ogbuehi) Vincent Obi and Mrs Veronica Obi. Both of them are retired teachers and senior citizens. We are seven children in our family, four women and three Men. I am the fifth child. My elder twin brother is Engineer Chinweike Obi. We are followed by twins. My parents told me that they waited for eleven years of barrenness before God blessed them initially with three female children. That was followed with the birth of Chinweike and myself. I was delivered almost an hour after my twin because apparently the doctor and nurses on duty never knew my mother was pregnant for twins. She knew that she was carrying twins due to earlier revelation from God. That explained the choice of my names and my elder brother's. From the account of my parents, who are still alive, my love for things of God started manifesting at age eight.

How did your parents react to such manifestation as a child?

As teachers, they did not take it kindly. Teachers, especially during their time, were disciplinarians that resorted to use of the cane to flog disobedient children as well as subject them to corporal punishment. They initially wanted to restrict my attention to study books and attend house chores. My strange behavior of prayer and prophesy was worrisome to them. They were embarrassed seeing adult, the sick and children from far and wide coming to seek spiritual help of counseling and healing from the small Ebuka Obi. But thank God for a spiritual Reverend father, Luke Odinkemelu from Awo-Idemili who was posted to our parish. In fact, he was my saving grace as his advice and caution to my parents and myself changed the narrative. It stopped my incessant punishment and flogging from my parents at age 12.

what was the influence of Rev Luke Odinkemelu in your life?

That is a big question which answer is too lengthy in an interview session of this nature. But the summary is that the reverend Father was a mentor, spiritual teacher and counsellor,

Evang. Ebuka Obi

whose advice has taken me so far in life. He exposed me to the mysteries of life. Throughout his stay in the parish, he was taking me to different locations, kindreds and personalities, in need of spiritual healings. And that involved destruction of occultic altars, deities and the likes.

At a point, he gave a prophecy to me that my ministry was going to be popular and famous in future if I could keep to three major conditions. The first condition is that I should not leave the Catholic Church to open any church. The second is that I should avoid sex before marriage. And the third condition is that I should resist the temptation of being money-minded.

Till date, I have kept to these conditions hence ZPMO is and will continue to be, a non-denominational prayer ministry. And God has continued to honor His name in ZPMO.

Whatever I know in the Bible today is by the direction of the holy spirit. I have not gone to any Bible School for any form of training. I dutifully read the

Bible and meditate on the words of God on daily basis.

Can we know how ZPMO started?

After my secondary education, I came to work in Lagos but later veered into trading. During the period of my apprenticeship, I was always having issues with my master because of the call of God. People from different tribes and churches were always coming

for prayers and counselling in the shop and my oga was not comfortable with that. It was not easy for me but, I later got freedom and started my own business. It became easier for me to go to prayer grounds in Lagos for prayers. By 2007, I had gotten small money and erected an upstairs in my village. But in 2009, I heard God's voice asking me to lock up my flourishing business shop in Idumota, Lagos and leave the whole money in my bank account.

What next after listening to the divine voice?

Of course, I obeyed my God as instructed to face His call, squarely. That gave me the opportunity to join prayer partners in my local church who were interested to do the work. Along the line, I discovered a praying place called desert in Amuwo Odofin, Lagos for regular prayers. Before I knew it, people who came for prayers to apparently tap into my anointing of prophecy, healing and prayers increased. In fact, many of them abandoned their pastors and prayer partners for

mine to my surprise.

Expectedly, this caused problem for me. The owners of the praying ground became uncomfortable with that and banned me from use of the place.

The ban was what pushed me and my prayer partners to Ago Palace, Okota, the current place of ZPMO. We initially got four plots of land for use as prayer place. That was with the contribution of committed praying partners. And gradually, we got additional plot of land where ZPMO occupies today to the glory of God.

Why emphasizes on mother than wife when it comes to love?

Yes, my reasons are unmistakable and practical. Many men, when they get money rush to provide comfort for their wives such as buying of cars. They neglect their mothers. I do not like such show of love because our mothers cannot be replaced by wives. If a wife dies, the can marry another, if he likes. But your mother cannot be replaced. There's no other mother in your life. In fact, your mother can die for you in the face of danger, but your wife will hardly do so. That is why my love for my mother should be greater than anybody including my wife.

Can we have idea why you have not married?

My delay to marry simply is because I am still waiting for God's direction. Until I get that, I will not hurry into the institution. It is not about identifying the person and the qualities. God knows the best for me.

Comment on the allegations of fake miracles?

I don't know about fake or arranged testimony and miracle. I was born with what I am doing. Since I started ZPMO, nobody has come forward with any substantiated case of doubtful miracle because it is not my call. I have always said that no authentic man of God collects material wealth as a condition to offer spiritual assistance to someone in need of prayers, healing and deliverance. In Zion ministry, we don't organise fund-raising events as bazaar and first fruits etc. Those people who give offerings do so freely without compulsion. And blessings of God have continued to abound in my affairs.

But your mother cannot be replaced. There's no other mother in your life. In fact, your mother can die for you in the face of danger but your wife will hardly do so. That is why my love for my mother should be greater than anybody including my wife.

Woman Gives Birth to Triplets after 16 Years of Barrenness

• One year after Evang. Ebuka Obi accurately gave the prophecy

Barely one year after the Spiritual Director of Zion Prayer Movement Outreach [ZPMO], Evangelist Ebuka Obi, prophesied to Mr Boniface and Mrs Ifeanyinwa Ozor, (07066197819/ +3468377600) that God has wiped out their tears of barrenness, they gave birth to triplets.

The middle-aged couple, from Ebenebe in Anambra state, who confirmed the prophecy during the dedication of their bundle of joy-two baby boys and one girl-in ZPMO ground recently in Lagos thanked God for His special blessings on them.

Mr and Mrs Ozor, who are based in Spain, said that they had lost hope of answering father and mother of anybody on earth until they joined Zion Ministry and religiously followed its programmes physically and online.

According to Mr Ozor, we least expected any miracle because of waste of money and years in hospitals at home and abroad in search of the fruit

of the womb, in vain.

But God through Evangelist Ebuka Obi, at the nick of time located my family during the *Night of Open Heaven* in 2023, by correctly mentioning my wife's name, date of birth and sex of the would-be triplets gifts to shock the world, he added.

Mrs Ozor who confessed that the prophecy was so direct and convincing to redouble her faith in the power of God of impossibility especially as calls

started coming to them from those that watched the viral video

Within months, she continued, the long-awaited pregnancy came and the devil of miscarriage was shamed for God's name to be glorified.

Evangelist Ebuka Obi, during the dedication of the triplets prayed for God's special protection of the new born babies as well as their parents, adding that any evil attack from any quarters should backfire.

Nigerian Footballer wrongly Imprisoned For Alleged Rape Released

A Nigerian based in England who plays football was wrongly jailed because of alleged rape, was located by Daddy Ebuka Obi, during the *Night of*

Open Heavens.

Now released from the foreign prison, the victim, Mr Christian Chukwuemeka, from Onicha Olona, Delta State testified on the

Zion Ministry ground in Lagos of how his mother reached out to him with the news of being located by the man of God in a viral video of the 5th day of the annual- 100 days prayer\fasting programmes.

The mother, a Zionite, was said to have been shocked with the name and nationality of her son abroad mentioned in Lagos, Nigeria.

According to him, the youtube footage was the clincher that prompted his eventual release from jail upon the review of his case. The reason for his ordeal was a set up by a rival team mate in the club designed to displace him from his wing or position.

The spiritual leader confirmed that such frame up for rape-related offence failed because God does not allow evil against a righteous person to last.

Yoruba Woman Who Doubts Igbo Pastors Restored

A Yoruba woman, Mrs Funmilayo Akanbi from Osun State (07033103010) who openly said she does not like Igbo pastors let alone believe them, has been restored in ZPMO after losing her wealth to wickedness.

The woman who has four children was located by Evang. Ebuka Obi on her first visit to the ministry's prayer ground, accompanied by her Igbo hair dresser friend.

She lamented how at a stage in her life, things turned bad such that she sold her cars and other valuables to survive.

But on that faithful day, she confessed of shock when Daddy precisely mentioned her names and case as if he knew her before.

Upon the location, the man of God revealed to her about her loss of first husband and the second one that was on the verge of abandoning her.

The source of her problems was revealed to her but not without praying for restoration of lost glories. She was advised to desist from speaking against servants of God irrespective of their tribes, creed and colour.

Woman marked for sudden death saved

One Mrs Chioma Umeje from Oraukwu in Anambra State, was located from the congregation during Zion Ministry's Service to have been marked for accidental death on her birthday by the Spiritual Director of ZPMO Evangelist Ebuka Obi.

Accompanied by her husband, Mrs Umeje confirmed the revelations by Daddy who told her of the origin of her ordeal in 2007 during their wedding day.

The case was worsened by the activities of occultic personalities working against her husband for refusing to join them.

However, Evangelist Ebuka Obi through anointing and prayers neutralised the evil powers deployed against the married couples that even restricted their ability to get more than one daughter they have.

He advised them to jealously guard their daughter from being initiated in the school by the same evil force trailing the parents.

Malaysian Married to Nigerian Confessed Efficacy of Seraphic Water, Oil

A Malaysian, Mrs Angelica Barradeha Nnamdi (07012119893), whose husband is from Owerri, Imo State recently confessed of the inherent healing powers in the blessed Seraphic Oil and Water. Speaking during testimony time in ZPMO, Mrs Nnamdi said the use of the blessed instruments of healing performed three miracles in her life and family.

She stated that the use of Seraphic water and oil cured her of Urine infection and accompanying pains in the private part. The second, she continued, was healing of pains due to swollen eyes of her daughter as well as revival of the other child that became unconscious after serious injury.

Beware of discreditors of God's servants

By PRISCA IKEBUDE

The days are really evil and the devil is on the prowl looking for those to devour. And moral debasement in the society gets worse by the day especially with the current economic hardship that drives people, without conscience, to criminalities. The ugly trend has forced some youths into the army of thoughtless social media specialists in discrediting and impersonating respected personalities. The respected servants of God seem to be their prime targets. The ultimate goal of these impostors with the aid of Artificial Intelligence is to defraud unsuspecting members of the public.

While some parade themselves as emergency media influencers and Tik-tokers, others resort to invoking curses on themselves and their generations, through unguarded satanic activities. This condemnable behavior is capable of ruining their lives. In recent past, Zion Prayers Movement Outreach has had cause to preach against this unholy act but old habit is hard to be changed. The auspicious time is now for those tricksters to discontinue such illegal business of use of the voice and image of the Spiritual Director of ZPMO, Evangelist Ebuka Obi, to make money. There is, obviously, a limit to youthful exuberance. Those persons usually involved in this dirty habit may be doing so for cheap financial gains,

but it should not be at the expense of somebody's hard-earned 'integrity. After all, neither the Ministry nor its Spiritual Director is responsible for the tough times.

The modus operandi of these society-never-do-well is to hack into the Facebook and phone numbers of the ministry, and criminally use same to rip off zionites in the name of praying for them. Often times, if a gullible victim calls the hacked number, the satanic agent picks and within days, he bombards him with prayers in a voice that resembles Ebuka Obi. He asks the victim to pay at least N10,000 into a bank account belonging to fake motherless babies' homes. This is followed with incremental payment that definitely enters into his private pocket. No doubt, many people may have fallen prey to these hell-bound predators.

Zion Ministry is well known for its philanthropy via financial empowerment to individuals and worthy social causes. Those agents of darkness should better have a rethink, repent and attend Zion Ministry programmes. They may be located by the responsive man of God to change their miserable lives for better. That is the best path to follow instead of allowing the devil to use them as toys.

The reputation of the Zion Ministry is cherished globally and should not be tarnished on the unholy altar of poverty-induced characters.

SOLEMN MOMENT

Prayer of Blessings from Zion

God of Zion, I thank you because Psalm 128:5 says, 'that my blessings will come from Zion "I am now at Zion to claim it today.

In Psalm 102: 140 your word says, "You will arise and take pity on Zion, the time has come to have mercy on her. This is y right time". Father, I have come to you the King of Kings and the Lord of Lords on this mount Zion, I (mention your name) have come to receive my blessings from this mount Zion.

In Obadiah 1: 27, it is written "that on mount Zion there shall be deliverance and there shall be holiness and the people of Zion shall possess their possessions" O God, my father! Let all my blessings begin to manifest on this mount Zion.

Hebrews 12:22 confirms "that we have come to mount Zion and to the of the living God; the heavenly Jerusalem with us thousands of angels ". Because I have come to mount Zion, I claim the mount Zion blessing of fruitfulness of Genesis 2: 28 to manifest in my life. Amen. Today's Reality of Christian marriage

By Prisca Ikebude

Marriage is a mutual agreement between two people (man and woman) who are in love. It is successful when the goal is fulfilled by God. Marriage is ordained by God for procreation. He said that for this purpose, a man should leave father and mother to become one with his wife, Gen 2: 24. Marriage relationship is used to represent the union between God and his people -Isaiah 54 :5-14. In Gen 24:1- 67, Abraham made his eldest servant to swear by the Lord the God of Heaven and the God of the Earth that he shall not take a wife unto his son, Isaac, from the daughters of the Canaanites among whom he dwells. He prayed for God's direction to lead his servant to go to his country, and to his kindred and take a wife for his son, Isaac.

Why did Abraham do this? This is to avoid importation of another God and idols into his family. Because Abraham made God his master, put his trust in God and prayed, God directed the servant to the right wife, Rebecca, and their seed was blessed. Proverbs 18:22 says that he who finds a wife finds a good thing and obtains favour of the Lord. Brethren, because the times have changed and civilisation has crept into the society, we may not find wives for our sons or husbands for our daughters like Abraham. But we can by prayer, counselling. We need to teach our children the way of the Lord and stand in the gap for them in all things especially marriage. It is not sending them to expensive schools and getting fat paying jobs.

There are two important keys to a successful choice of the right partner. The first is Medical and the second is Prayer for Divine direction to meet the right wife/ husband, the missing rib. Therefore, let us teach our children to know their Genotype and Blood group before marriage so as to avoid having medical challenge like Sick cell anaemia. Too, prayer is the master key for the location of the right partner and form a successful marriage and Christian home.

Ebuka Obi: An Evangelist
with uncommon gifts

By Kenneth Madueke

Do you desire to become like Evangelist Ebuka Obi, the charismatic Spiritual Director of Zion Prayer Movement Outreach (ZPMO)? It may be an impossibility. He is a unique person, created for a special reason. Obviously, God didn't create his look -alike elsewhere. This is bad news to the criminally-minded impersonators, who fruitlessly use his image and voice to extort money from the unsuspecting public. They should, instead, develop Christ – like attributes which Ebuka Obi imbibed at childhood. These include holiness, humility, diligence, faith, charity, obedience, selflessness and hope.

God that ordained him in the mother's womb equally endowed him with uncommon spiritual gifts. Fortunately enough, his strict parentage coupled with religious mentorship by a revered Catholic priest, literally, baked him for the tasks ahead. The late reverend father Luke Odinkemelu gave Evangelist Ebuka Obi a three- point prophetic advice for success in ministry that till date serves as the Evangelist's guiding life principles. They are that he should not open Church to leave the Catholic Church ,have sex before marriage and be money- minded. These are, evidently, the magic wand of Evangelist Ebuka Obi who has made ZPMO a successful and popular non- denominational prayer ministry. Such divine mandate, therefore, calls for sacrifice, patience and prayers. The devilish device of sustained social media attacks against him and ZPMO remain useless and needless. Turning him into a shooting range has rather continued to make him more popular to the surprise of enemies. That is God at work. “For whom he did foreknow, he also did predestinated to be conformed to the image of his son that he might be the firstborn among manybrethrens”, Romans 8: 29.

The keen followers of Evangelist Ebuka Obi's life and preachings will easily attest to his being an example of selfless spiritual service provider with indelible and immutable footprints in the sand of history. He is one of the few servants of God that refuse to be bitten by the bug of materialism. An altruist, his positive impact in the society transcends religious call of soul-winning and saving to life - changing humanitarian projects already executed and in the offing. Through ZPMO and its philanthropic arm, Seraphic Home Foundation, resources are daily dedicated to charity, scholarships, health care facilities and hotel accommodation provision especially to the poor. The rich is not left behind as they get richer through the spiritual intervention of Ebuka Obi. From Okota, Lagos State, to Imo State where the headquarters of ZPMO is relocated, infrastructural developments are in place to justify the presence of the ministry. The Seraphic and Maternity Hospital, a world- class medical facility, Seraphic Hotels and Seraphic pure water company are serving their necessary needs in addition to providing paid jobs to employable persons. The lives of those living around Amala Ntu, Ngor Okpala Local Government Area and its environs, in Imo state where ZPMO's head office is sited, have been radically transformed. Businesses have started springing up there with concomitant social and economic effects on the state. In Aguleri, Anambra state, a N500 million old people's homes is being constructed by ZPMO, while there is progress in a four- storey building to house an ultra- modern hospital in Ubulu Ihejiofor, Oru West local government area of Imo state

The world is not yet done with Ebuka Obi's free spiritual and financial touch of lives. His development 's drive and economic empowerment programmes remain unrivaled with their multiplier effects on the society. He is equally a role model, Counselor and Preacher, whose practical message on holiness and humility is undiluted and exemplary. Through his prayers, broken homes are reconciled, businesses built, captives released from captivity, hopeless situations given hope and societies uplifted. Those evil agents that are desirous to pull him down should better repent and join hands to make this sinful world worthy of living. No doubt, instant solutions await those who have faith in God. You can be the next person. Zion, we move!
